Epic Pokemon Pattern IV

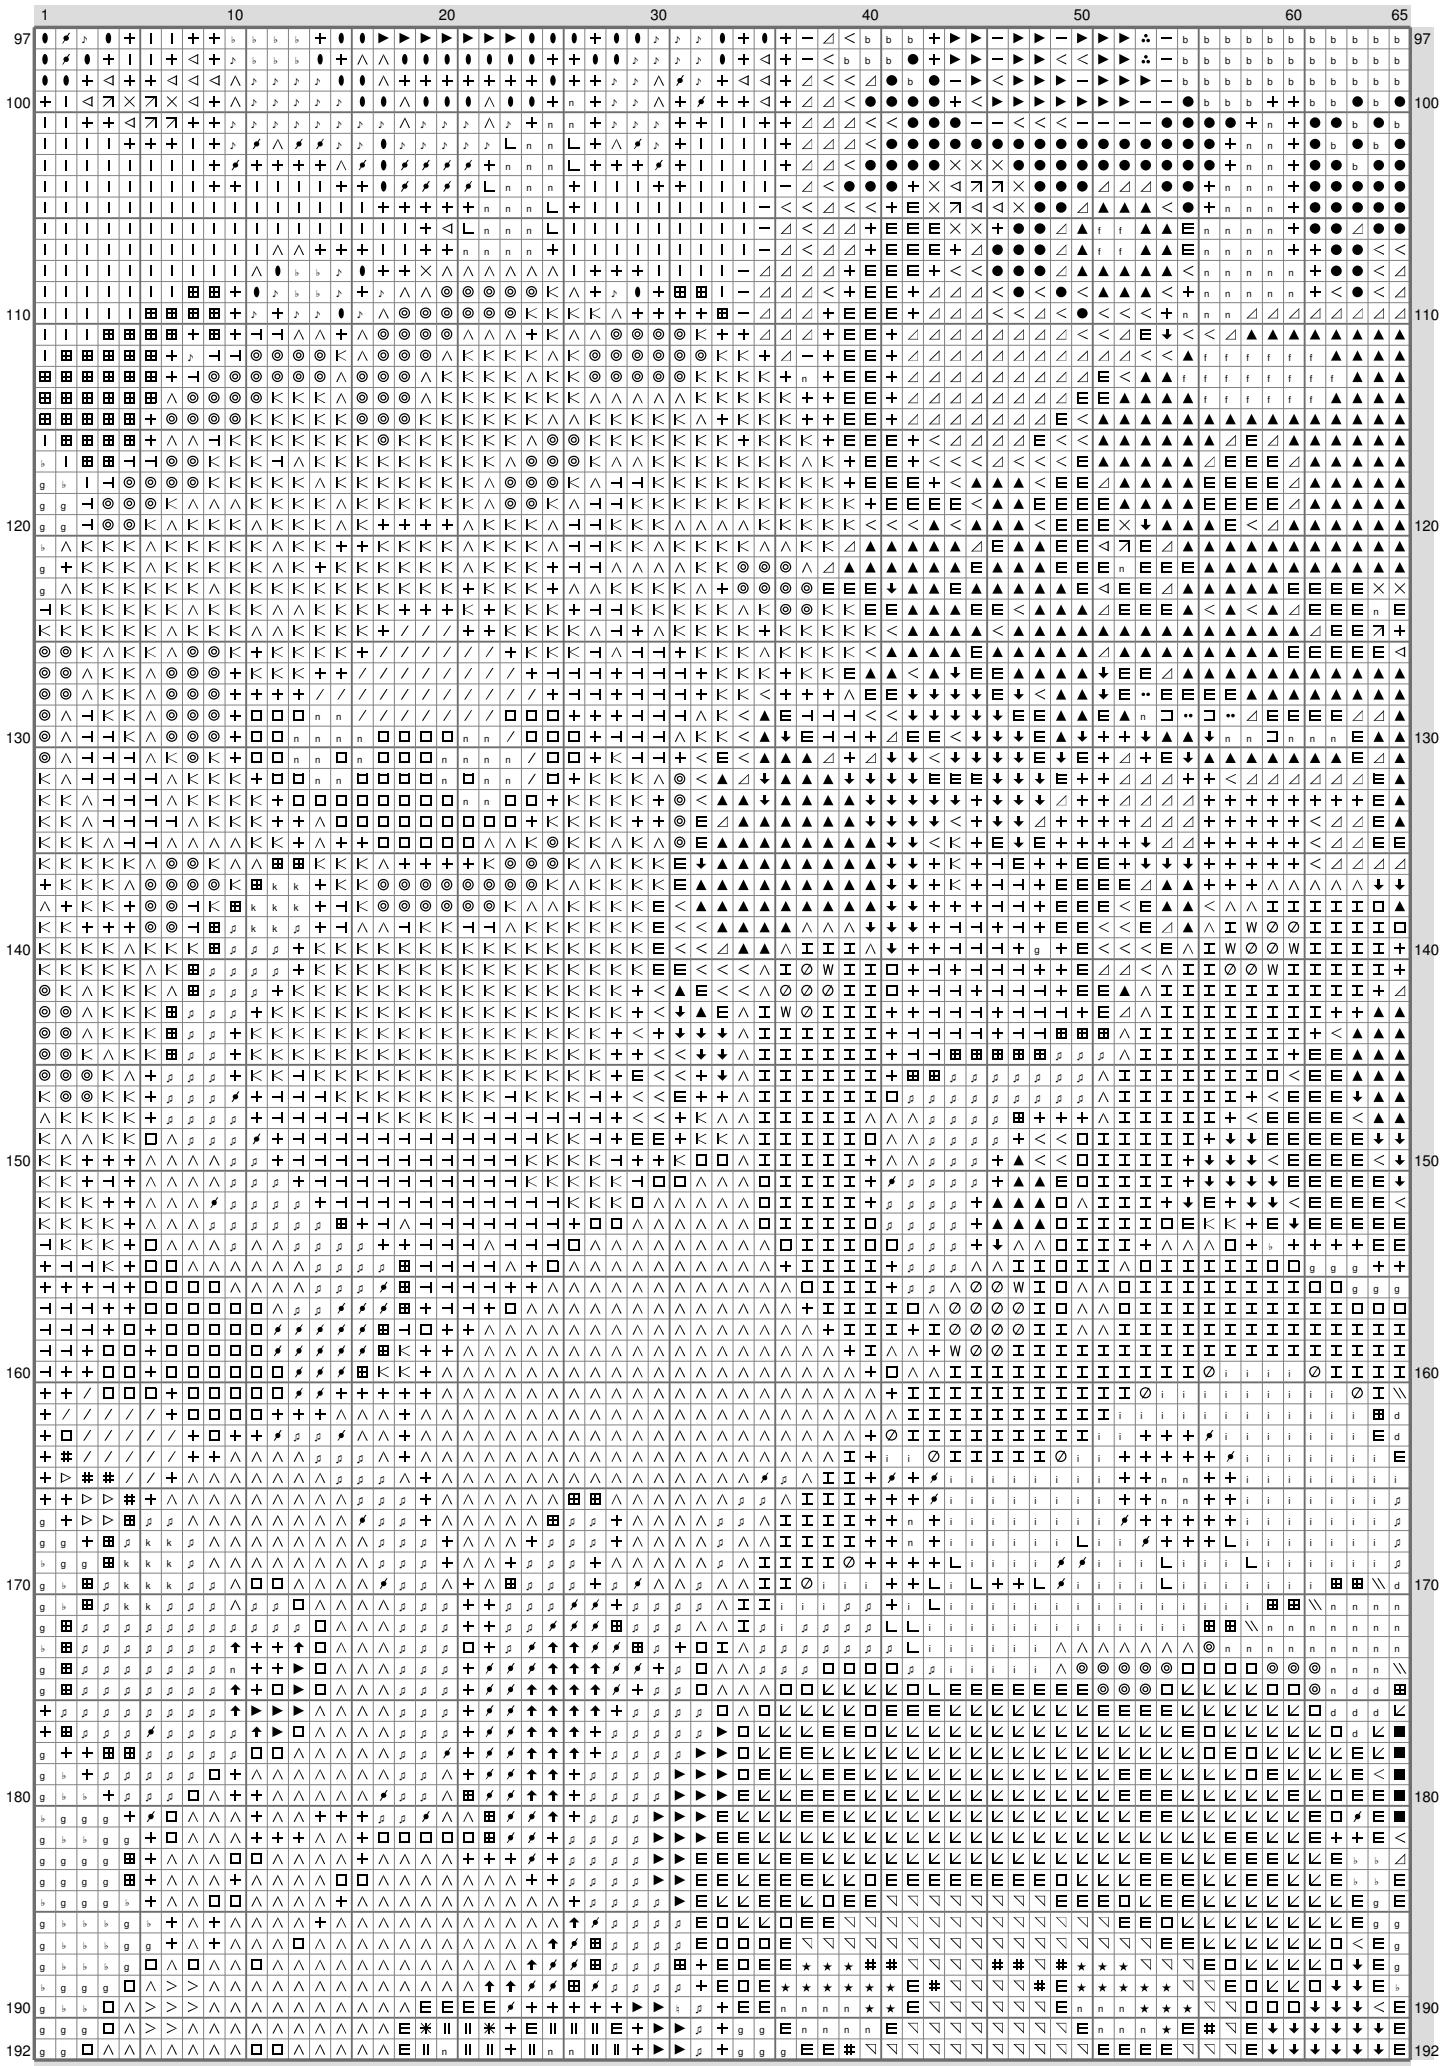

Epic Pokemon Pattern IV

The image displays a large grid of binary code symbols, likely representing a character set or a specific encoding scheme. The grid is composed of two main types of symbols: small squares (representing binary digits) and larger, more complex shapes (representing characters). The symbols are arranged in a regular grid pattern. The top and left edges of the grid feature numerical labels, indicating the position of each symbol. The labels range from 66 to 192 on the top edge and 97 to 192 on the left edge. The symbols themselves are varied, including letters (A through Z, E, I, S, T), numbers (0 through 9), and special characters (*, +, -, /, %, =, <, >, ., , ,), as well as mathematical operators and other punctuation. The overall structure is a dense, structured representation of data.

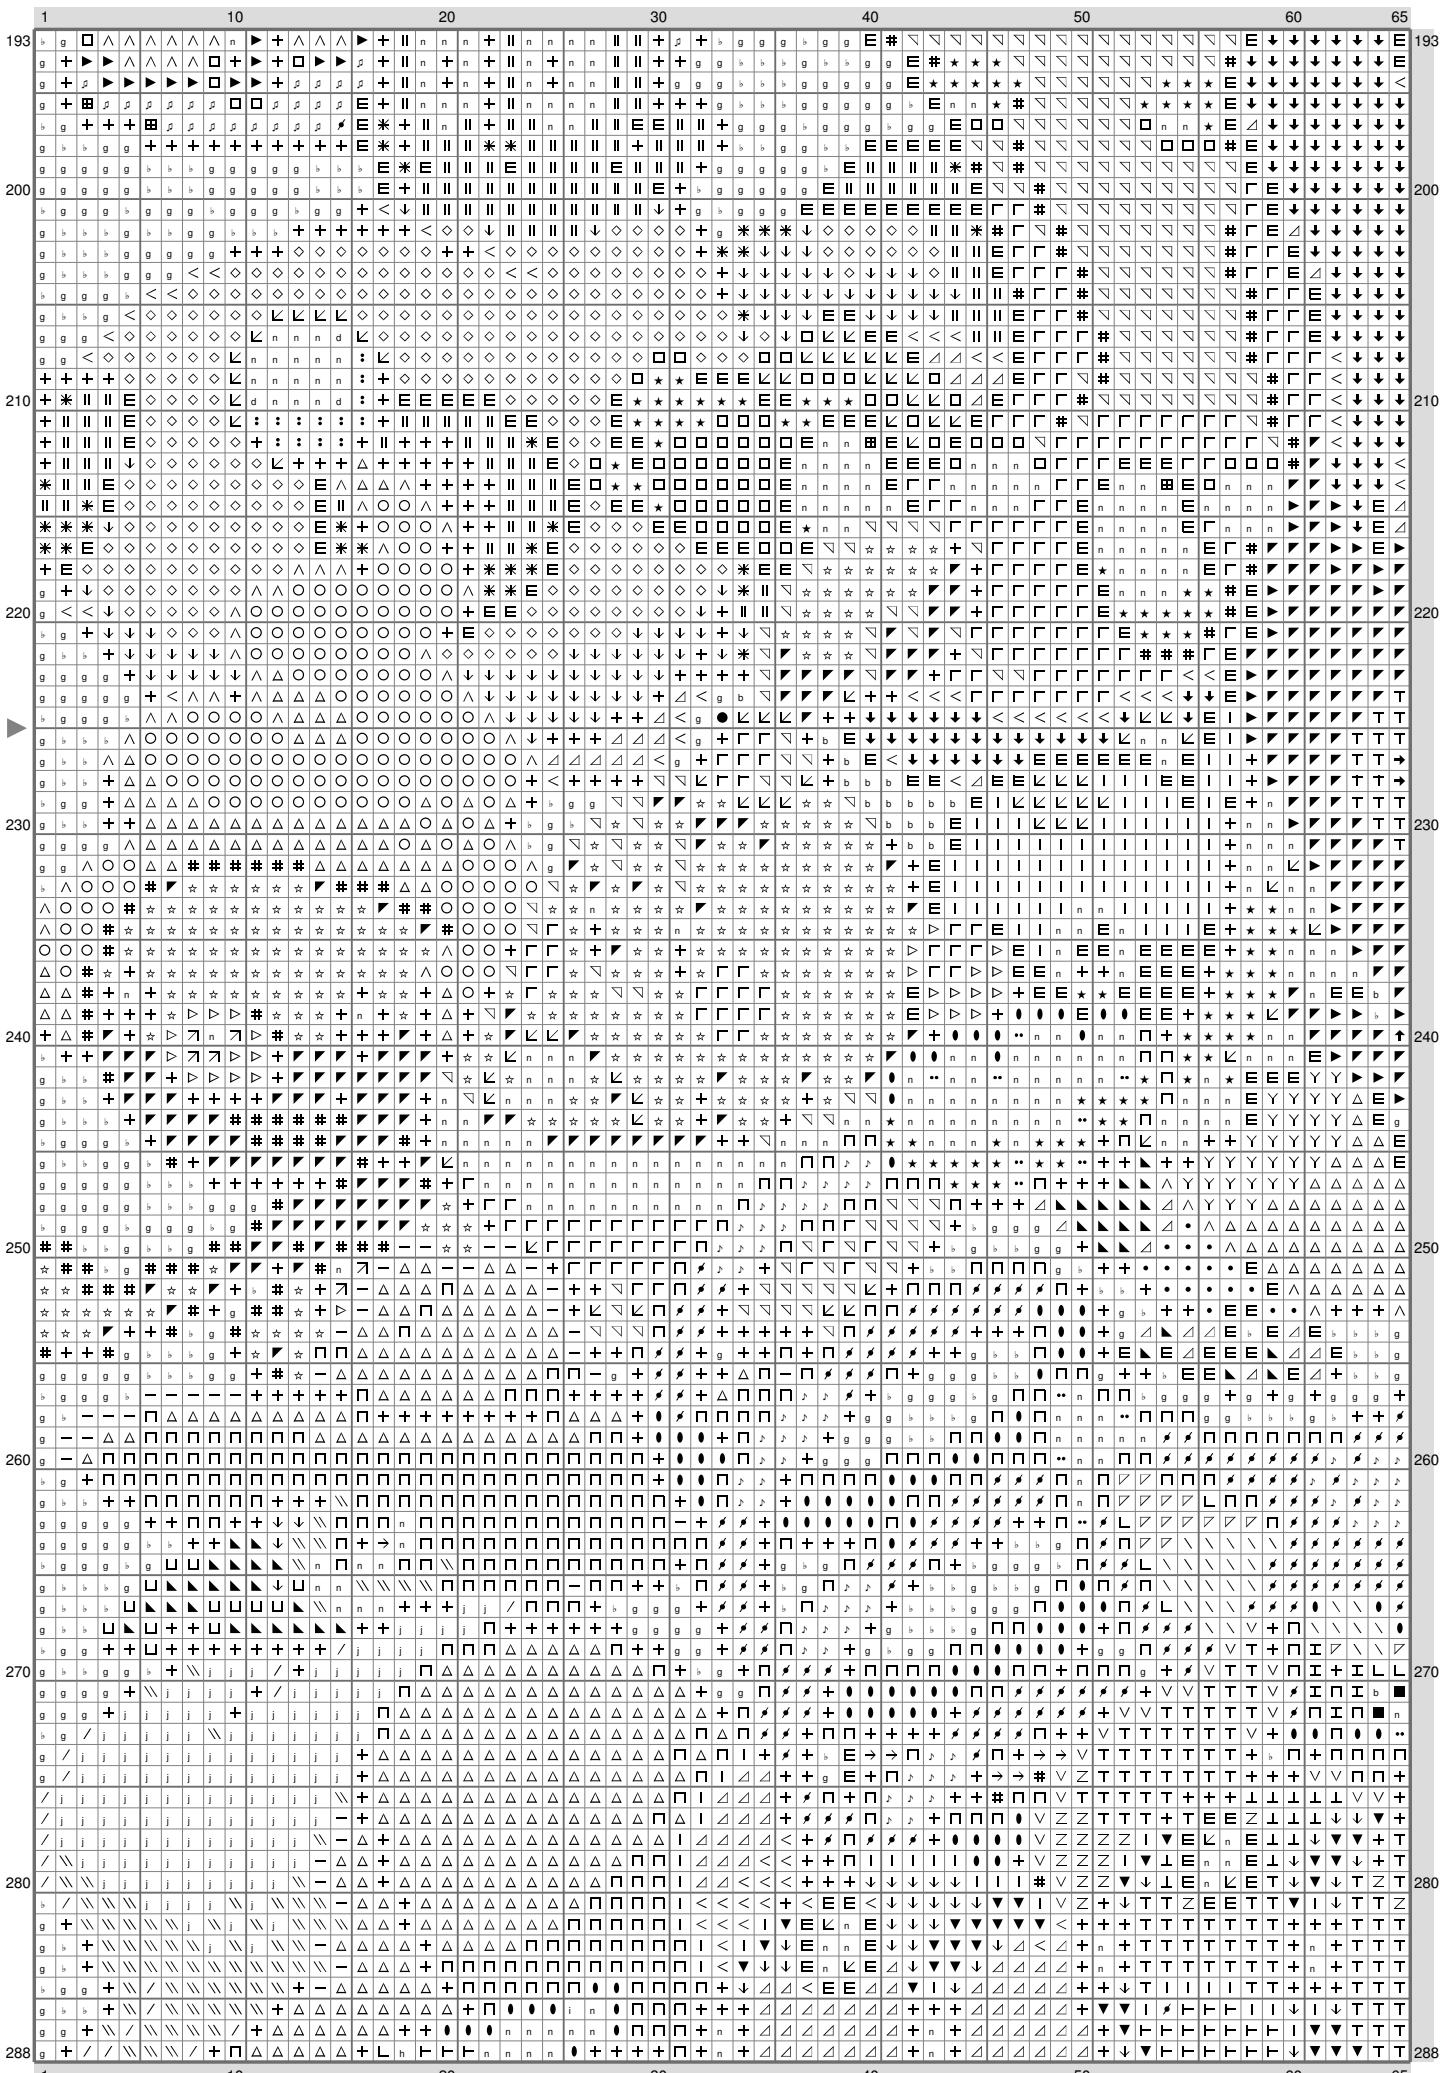

Epic Pokemon Pattern IV

The image shows a large grid of binary code symbols, specifically dots and crosses, arranged in a 10x10 pattern. The grid is divided into several sections by thick black lines. At the top, there are labels for columns 131, 140, 150, 160, 170, 180, 190, and 195. On the left, there are labels for rows 193, 200, 210, 220, 230, 240, 250, 260, 270, 280, and 288. A vertical arrow points downwards through the grid, starting from the top-left corner. The symbols are arranged in a repeating pattern, with some variations in the middle sections.
